Abstracts and case presentation competition for students and intern doctors

Dedicated sessions and courses on biostatistics & research, study design, effective communication skills, work life balance, physician burnout & physician safety

Medical exhibition, networking opportunities with global health care leaders

It is my honor and pleasure to extend a very warm welcome to all the participants of the PHA Global Summit in Dhaka on behalf of the Planetary Health Academia (PHA). This "Global Summit" will be the first all inclusive international medical conference in Bangladesh where more than 1000 national and international physicians, researchers and academicians from different field of medicine will participate.

Planetary Health Academia is the largest medical organization formed by non resident Bangladeshi physicians, researchers and academicians with the active support of Bangladeshi physicians and has completed 3.5 glorious years in providing medical education as well as training in different medical fields. We have seen some incredible moments over the years and witnessed this event grow tremendously. It is extremely gratifying that the PHA has reached great heights and realized its goals and objectives.

Our platform and our Summit could not exist without the generous and unrestricted support from all our partners and sponsors. We would like to extend our warmest gratitude to all our physicians, partners, experts, sponsors, teachers, students, and so many other countless individuals who have helped to make Planetary Health Academia (PHA) such a profound success over the years, and we look forward to our ongoing voyage together to reach our goals. Hope that we can continue enjoying our joint prosperity in the coming years.

I hope you all find this summit highly engaging and beneficial for your future venture. Make the best of today.

Thank you very much!

Tasbirul Islam MD, MRCP(UK), FRCP, FCCP
 Chairperson, Planetary Health Academia (PHA)
 Clinical Associate Professor,
 Dept of Pulmonary & Critical Care Medicine, Chicago Medical School
 Rosalind Franklin University of Medical Science
 Indiana University School of Medicine

In the realm of global health initiatives, the Planetary Health Academia (PHA) stands as a beacon of progress and collaboration. I am privileged to extend a warm welcome to all participants of the inaugural PHA Global Summit in Dhaka, Bangladesh.

Planetary Health Academia's Global Summit is set to be the largest multispecialty medical conference, drawing world-renowned physicians, leaders, researchers, and thought leaders in Southeast Asia.

The event promises ample collaboration opportunities and career development prospects, presenting a unique chance for young physicians to enhance their careers.

Don't miss this once-in-a-lifetime opportunity to gain valuable insights and connections in the field.

Best regards,

Basher M Atiquzzaman, MD
 Convener, PHA Global Summit
 Faculty, College of Medicine, University of Central Florida
 Director, Digestive and Liver Center of Florida, Orlando, Florida, USA
